D) square

- 14) A) square  
B) triangular  
C) rectangular  
D) round

- 13) A) round  
B) oval  
C) rectangular  
D) triangular

- 15) A) on  
B) up  
C) under  
D) in

Read the passage below and answer the questions that follow.

An ostrich is a large bird. It has a long neck and legs. This bird cannot fly but it can run very fast. Its neck is almost bare. It has mostly black and a little white feathers on its body. It has big eyes too. This helps the ostrich to see its enemies easily.

It usually eats plants. Sometimes it eats insects. Among the living birds in the world today, the ostrich eggs are the largest. It lives in a group of five and fifty. When it sees danger, it lies flat on the ground or runs away. If it is attacked, it can give a powerful kick with its strong legs.

The ostrich can weigh between 63 and 145 kilograms. The male ostrich can grow as tall as nine feet.

- 16) The ostrich's neck is \_\_\_\_\_

Question 22 (12 marks)

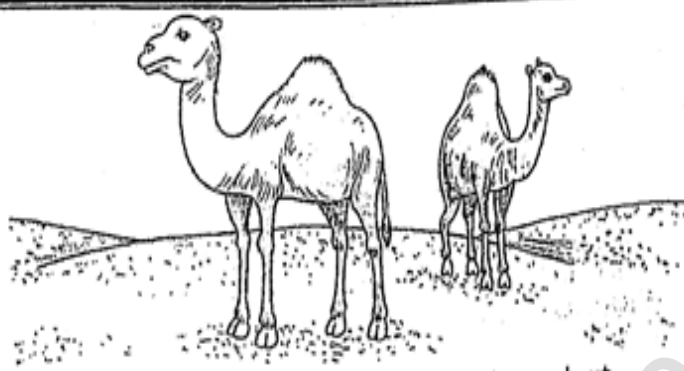

Based on the pictures, rearrange the sentences below in the correct order. Write the number in the space provided.

	After a few days, the bird became well. Soon, it was time to leave. Bobby was very sad. As a return, the bird gave him a box.
	Bobby thanked the bird. When he opened the box, he found precious stones inside. He was shocked but happy.
	The bird had fallen off the tree and broken its wing. So, Bobby took it home and asked for his mother's permission to keep it in the house.
	One day, a boy named Bobby found a bird under a tree near his house.
	He even brought the bird with him to every places he went. He never left a sight on the bird.
	He treated its broken wing with medicine. He fed the bird and took care of it.

d) Camels are used to carry sacks of salt in North Africa.	True	False

Question 24 & Question 25 (8 marks)

Read the passage below and answer the questions that follow.

Sara and her family went to Pulau Pinang during the last school holidays. Sara's brother, Sam works in Georgetown.

On the first day, Sam took his family to Penang Escape Theme Park in Teluk Bahang. There were many trees. The trees were used for adventurous games and challenges. Sara liked Atan's Leap, a freefall adventure with gentle and secure landing.

The next day, they went to Balik Pulau which is famous of its variety of food. Sara and her family tried some of the famous dishes. Sara was also very excited because her father bought her some durians.

Then, they went to Penang National Park which is the smallest national park in the world. The park has several different types of habitat including a meromictic lake, wetlands, mangroves, mudflats, coral reefs and turtle nesting beaches. Sara loved the meromictic lake where the layers of water do not mix. She took many pictures of the scene at the lake.
